Your Student Portal User Guide

Everything you need to know to get started from day one

Welcome!

I'm delighted to have you as a student. Your portal is where you manage **everything** related to your French lessons: buying your plan, booking your sessions, the support materials and the progress notes I write for you after each class.

The portal is designed so that you can do everything yourself, without waiting for a reply from me. Even so, if something ever doesn't work as expected, there is a direct button to message me from within the portal.

How to log in

Sign in on the website with the email address and password you created when you registered. Once signed in, you land directly on your **student dashboard**, which is the screen we'll walk through in this guide.

TIP

Bookmark the portal in your browser or add it to your phone's home screen: you'll be using it every week.

NOTE

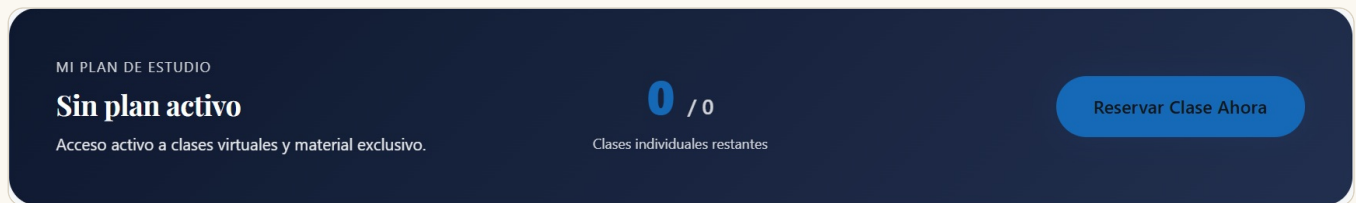

The portal's interface is in Spanish. Throughout this guide, the exact on-screen labels are shown between « » marks with their English meaning, so you can find each button easily.

Contents

- 1 Your main dashboard
- 2 Choosing and buying a plan
- 3 Booking a new class
- 4 Scheduled classes and classroom rules
- 5 Resources, progress and payments
- 6 Frequently asked questions

1 Your main dashboard

The first thing you see when you log in. Here you always know how many classes you have left.

This dark blue card sums up your situation at a glance. It contains three elements:

«Mi plan de estudio» — My study plan

On the left you see the name of your active plan. When you have just created your account it reads «Sin plan activo» (no active plan): that's normal, it means you haven't bought any classes yet. As soon as you make a payment, this text updates with the name of your plan (Regular, Inmersión, etc.).

«Clases individuales restantes» — Remaining classes

In the centre, the blue counter shows how many classes you have left out of the total in your plan. For example, 3 / 4 means you bought a 4-class plan and can still book 3. Each confirmed booking deducts one class from this balance.

«Reservar Clase Ahora» — Book a class now

On the right, the blue button takes you straight to the booking calendar (see section 3). It only works if you have at least one class available in your balance.

IMPORTANT

If the counter shows 0 / 0, you first need to buy a plan (section 2). The calendar won't let you confirm a booking without a balance.

2 Choosing and buying a plan

Just below the main dashboard you'll find the section «Adquiere un Plan para Comenzar Lecciones» (Get a plan to start lessons).

All plans are valid for **all levels** («Todos los niveles») and work by number of classes: from 8 classes upwards, the price per class goes down. Choose the one that best suits your pace.

Which plan should I choose?

It mainly depends on how regularly you can study and on your goal:

- You want to try it out or solve one specific need (a letter, an interview, an oral exam next week): **Una clase** (one class).
- You want steady progress with one class a week: **Regular** (4 classes, ideal for a month).
- You have a deadline (DELF/DALF exam, moving to France, a new job) and can commit to two sessions a week: **Inmersión** (8 classes) or **Intensivo** (12 classes), with a personalised work plan.

FIRST TIME HERE?

If we haven't met yet, start with the **free diagnostic session** («Sesión de diagnóstico gratuita»). It isn't bought through the portal: the button «Agendar por WhatsApp» opens a WhatsApp conversation with me so we can set a time together. It's a 30-minute session, no commitment.

How to buy

- 1 Click «**Comprar con Stripe**» (Buy with Stripe) on the card of the plan you've chosen.
- 2 Stripe's secure payment page opens. Enter your bank card (or the payment method available in your country) and confirm.
- 3 When you're done, you're taken back to the portal automatically. Your main dashboard now shows the plan name and your **new class balance**.
- 4 Stripe also emails you a receipt. Keep it: it contains your **Purchase ID** («ID de Compra»), which I'll ask for if you ever need help with a booking.

GOOD TO KNOW

You can buy a new plan at any time, even before you've used up the previous one. The classes are added to your balance. All payments then appear in your **Payment History** (section 5).

Payment security

The portal doesn't store your card details. The whole payment process is handled by Stripe, a platform used by millions of businesses worldwide. You'll see Stripe's address in your browser during payment.

3 Booking a new class

With a balance available, you can book. This section («Agendar Nueva Clase») is at the bottom left of the portal.

Step 1 · Your time zone

Check the drop-down menu «Tu Zona Horaria» (your time zone). By default it shows **Paris (CET/CEST)**. If you live elsewhere, select your city: every time in the calendar is then converted automatically to your local time.

Step 2 · Pick the day

Use the < and > arrows to change the month. Light grey days have no availability; available days are highlighted with a coloured dot (see key below).

Step 3 · Pick the time

Click a day to see the time slots available that day, already in your time zone. Select the one you prefer.

Step 4 · Confirm

Press «Confirmar Reserva» (Confirm booking). One class is deducted from your balance and the class appears immediately under **Scheduled Classes**.

Calendar key

Libre — Free All slots available	Parcial — Partial A few slots left	Completo — Full No slots left
--	--	---

IMPORTANT

Each booking deducts one class from your balance the moment you confirm. Before pressing the button, double-check the day, the time and your time zone.

Scheduled classes and classroom rules

Here you see your upcoming classes and the conditions for changing them.

Clases Programadas

No tienes clases agendadas. ¡Usa el panel de reservas de abajo!

Políticas y Reglas del Aula

Límite de 24 horas: Puedes reprogramar tus clases hasta con un mínimo de 24 horas de antelación.

Intentos de cambio: Cada clase individual se puede reprogramar un máximo de 2 veces.

Soporte Técnico: Si no puedes mover tu clase en el sistema o tienes algún reclamo, ponte en contacto con el administrador/profesor con tu ID de Compra.

ID de Compra Activa: **N/A...**
[Contactar al Administrador](#)

Your upcoming classes

Each booked class appears in this card («Clases Programadas») with its date and time, in your time zone. From here you can access the video-call link on the day of the class and, if you need to, **reschedule** it. Before you've booked anything, you'll see the message «No tienes clases agendadas» (you have no classes scheduled).

Classroom policies and rules

These three rules are always visible in the portal so there are no surprises:

- **24-hour limit.** You can reschedule a class up to **24 hours before** its scheduled time. After that, the class counts as taken and is deducted from your balance.
- **Number of changes.** Each class can be rescheduled a **maximum of 2 times**. This gives you flexibility without losing the regularity that is the key to progress.
- **Technical support.** If the system won't let you move a class, or you have any complaint, message me with your **Purchase ID** (shown at the bottom of the card, next to «ID de Compra Activa»).

Contacting the administrator

The green link «Contactar al Administrador» opens a direct channel to me. Use it for any problem with the portal, a booking or a payment. Always give me your Purchase ID: it lets me find your case in seconds.

TIP

Join the video call **five minutes early** with headphones and a stable connection. Have the previous lesson's material to hand: we usually start by reviewing what we worked on.

Resources, progress and payments

The three cards in the right-hand column of the portal.

Recursos y Materiales

Temarios y audios de apoyo para tu nivel asignados por el profesor.

No hay materiales disponibles todavía.

«Recursos y Materiales» — Resources

This is where I upload the **handouts, worksheets and audio files** tailored to your level and to what we work on in class. Materials appear as we go: at first the card will be empty. You can download and keep them; they stay available as long as your account is active.

Progreso y Comentarios

Notas de retroalimentación de tus clases completadas.

No tienes historial de clases pasadas.

«Progreso y Comentarios» — Feedback

After each completed class I write a **feedback note**: the points you've mastered, the recurring mistakes to fix and what I suggest you work on before the next session. Read it before the following class: it's your personal roadmap.

Historial de Pagos

Revisa tus transacciones pasadas.

No se encontraron pagos.

«Historial de Pagos» — Payments

A list of all your purchases with date, plan and amount. Useful for finding your Purchase ID or for your own records. If you need an invoice, message me and mention the payment concerned.

Frequently asked questions

- **Can I book a class without buying a plan?**

No. The calendar only lets you confirm a booking if your balance is at least 1 class. First buy a plan in the «Adquiere un Plan» section.

- **How long is a class?**

Individual classes last 60 minutes. The free diagnostic session lasts 30 minutes.

- **Do classes expire?**

I recommend using the classes in a plan within the period it was designed for (for example, a 4-class Regular plan within a month). If you need to take a break, let me know in advance and we'll find a solution.

- **I need to change a class. How do I do it?**

From the «Clases Programadas» card, at least 24 hours in advance and a maximum of 2 times per class. If the system won't let you, use «Contactar al Administrador» and quote your Purchase ID.

- **What happens if I don't show up?**

A class not rescheduled 24 hours in advance counts as taken and is deducted from your balance. If something serious comes up, message me: we'll talk about it.

- **The calendar times don't match my local time.**

Check the «Tu Zona Horaria» menu in the «Agendar Nueva Clase» section and select your city. The times are recalculated automatically.

- **Can I pay with something other than a card?**

Stripe offers the payment methods available in your country (card and, in some countries, Apple Pay, Google Pay or bank transfer). If none of them works for you, message me.

- **Where do I find my Purchase ID?**

In the «Clases Programadas» card, next to «ID de Compra Activa», and in the Stripe receipt you received by email.

- **Where is the video-call link?**

It appears on your class inside «Clases Programadas» on the day of the session. If you can't see it, message me a few minutes beforehand.

- **How do I change my password or email?**

From the login page, use the password recovery option. To change your email address, contact me.

- **How can I contact you?**
